Ice Technician

The Minden Curling Club is looking for a Ice Technician starting this fall. We are a four sheet rink with an ammonia system. We expect to run thirteen leagues and thirteen bonspiels next season. Our leagues run Monday to Friday. Our season runs from October to the end of March. The Ice Tech will have the support of volunteers when required.

Main Responsibilities:

- Start-up and Shut down of the Ice Plant assisting/liaise with Cimco Rep.
- Coordinate Ice in and out with volunteers including ice painting, ring and signage installation and removal.
- Maintain a detailed maintenance log, daily input of operating conditions and equipment status
- Maintain the equipment and tools
- Meet with TSSA and Cimco when required
- Prepare and maintain the ice surface to the highest possible standard
- Perform or cause to have scrape, pebble and nip prior to each league and rental draw
- Perform / oversee volunteers when required
- Maintain the other areas of the ice as well
- Be in attendance for league play and bonspiels
- Maintain certification and take extra courses coordinated with the club
- Complete all tasks observing all safety rules

Qualification:

- Prior experience
- Work with minimal supervision
- Report to the Building Maintenance member when needed
- Good communication skills with members, staff and executive
- Strong planning and organizational skill
- Working knowledge of ice plant control systems
- Police Check required

Submit your resume to the club secretary via email.
